

**Polaris Governmentwide Acquisition Contract
Historically Underutilized Business Zone Business Pool
Solicitation Number 47QTCB22R0006
Notice of Award**

This is a written announcement to all interested parties. The U.S General Services Administration (GSA) would like to share the good news about phase one contract awards under the Polaris Governmentwide Acquisition Contract (GWAC) Historically Underutilized Business Zone (HUBZone) Pool. This announcement fulfills the notice requirements in FAR 5.3. No offeror is eliminated from award consideration and further award phases are planned. Debriefing letters will be provided once all award phases are completed. The phased award approach is determined to be in the best interest of the Government and is in accordance with Section M.3 of the solicitation.

GSA appreciates the robust competition for the Polaris HUBZone Pool. There were 180 proposals received in response to the solicitation. After review and evaluation in accordance with the criteria established in the solicitation, GSA has determined to make phase one contract awards to 30 Offerors eligible for award. Offerors not identified below were not within the phase one Highest Technically Rated with Fair and Reasonable Pricing Offerors and remain eligible for further award phases.

Federal customers interested in the GSA GWAC Program should refer to www.gsa.gov/polaris for more information about when the new awardees will be able to accept task orders. The Notice to Proceed will be issued separately.

The GSA GWAC webpage at www.gsa.gov/gwacs provides information on the various GSA GWACs' features and benefits; on how Federal Contracting Officers can obtain a Delegation of Procurement Authority (DPA); how to request scope compatibility review for potential task order work statements; and market research tools to help in the procurement process.

Written correspondence may be sent to the Contracting Officer at polarishubzone@gsa.gov.
